

"Dracula - Undead Awakening" available for WiiWare and DSiWare

We can officially confirm that Chillingo's award-winning shooter, Dracula – Undead Awakening, is now available for WiiWare and DSiWare!

Dracula – Undead Awakening is an addictive top-down shooter. Players control a grizzled Hunter of the Undead who chooses weapons and abilities, and then battles legions of undead foes including zombies, ghouls, werewolves and more. An arsenal of jaw-dropping powerful weaponry can be unlocked including such as Machine Guns, Buzz-Saws and Flamethrowers. Players can even earn upgrades for their weaponry and unique new perks for their character, all while their gruesome enemies increase in number and ferocity.

The Hunter of the Undead is a tough customer but players must beware - Lord Dracula is always on the hunt and looking for prey! Gory in-game action can be seen in this [action-packed gameplay trailer](#). The full image asset pack is available [here](#)

Dracula – Undead Awakening is available now in all territories. The WiiWare version costs just 1,000 Nintendo Wii points, while the DSiWare version is priced at 500 Nintendo DSi points.
