Operation Flashpoint®: Dragon Rising mission creation tool allowed fans to submit many different game style and gameplay such as: survival horror, vehicules races, tower defense, etc.

Intel® and Codemasters® are glad that *Operation Flashpoint®: Dragon Rising* community has been massively mobilized, and congratulate the twelve winners for their talent and creativity!

A jury made of developers, Codemasters® and Intel® representatives has selected the 2 final winners of the mission contest : "Holding out with Intel" by augustwemust, and "Operation Absolution Intel I7" by D4rky.

Thanks to their intense missions, they will receive a top-end computer: (see attached) Limited Edition Design by Invasion® *Operation Flashpoint® : Dragon Rising* desktop PC equipped with Intel®Core™i7-960 processor.

As a reminder, *Operation Flashpoint®: Dragon Rising* is optimized for Intel® Core™ i7 processor, allowing texture resolution and framerate enhancements for an optimal game experience.
